Key financial ratios

Funding costs and yields

Development in yields and funding costs

Key comments

- Attractive interest rate, affected by mix of products, distribution channel, and risk assessment
- Funding cost decreased as deposit rates have been lowered and deposit mix have changed in favor of EUR deposits at lower deposit rate than in Norway
- Low yield on liquidity, reflecting risk profile on portfolio and capital market movements in Q4

Outlook and strategy going forward

Continue growth story

- Continued focus on profitability growth and volume growth
- Growth is essential because solid long term profitability will be achieved through economies of scale
- Key initiatives are product & geographical expansion as well as continued growth in existing markets

Operational efficiency

- Maintain efficient and scalable operations through innovative and flexible IT infrastructure
- Fully automated decision engine based on machine learning will ensure diligent credit risk selection
- Continued focus on data insight, analytical capabilities and 100% digital internal / external processes

Geographical expansion

- Further expansion across geographies to facilitate continued growth and risk diversification
- Current focus on Northern Europe
- Full scale up of the Swedish operations after gaining key business relations, experience and data

Product expansion

- Further expansion of product portfolio to facilitate continued growth and risk diversification
- Launch of an Instabank Credit Card in cooperation with Mastercard within Q1-19
- Distribution of related products as an aggregator for subcontractors

Strengthened distribution

- Continue efforts to establish Instabank as a well-known and trusted brand in all active markets
- Identify and secure additional partners for the already developed point of sales financing platform
- Continuous optimization of the agent distribution network – develop new relationships in new markets
